Accommodations

Many suppose that only depositors may receive accommodations at a bank. This bank favors the public in general, whether customers or not, in many ways, such as putting in our vault to be called for, Liberty Bonds, Fire and Life Insurance Policies, Stocks, Bonds, Railroad Tickets and other documents. These little kindnesses are numbered by the hundreds.

We deem it a pleasure to do acts of hospitality for the stranger within our gates.

MONROVIA

45 MINUTES FROM BROADWAY, LOS ANGELES

Monrovia, where the Sunkist oranges grow, is situated 18 miles east of Los Angeles in the heart of the San Gabriel Valley orange belt along the foothills of the Sierra Madre mountains, at an elevation of from 450 to 1100 feet.

Monrovia, a city of 10,000 population, is served by the Santa Fe Railway System, the Southern Pacific Lines, the interurban Pacific Electric Railway, and two of the famous paved highways of Southern California,—Foothill Boulevard and Huntington Drive.

INDUSTRIES -- RANCHES

In the Monrovia district there are eight citrus fruit packing houses, which operate most of the year to take care of the valencia, navel, sweet and blood orange crops as well as the lemon and grape fruit crops. Monrovia's poultry industry is becoming well known and some of the most profitable ranches are located here

Monrovia has the Day and Night Water Heater Company employing approximately fifty people, and the Valley Packing Association, a modern date packing plant shipping a quality brand of dates from the Coachella valley known as "Dos Palmos." (Two Palms).

A hearty welcome awaits manufacturing enterprises in Monrovia where good locations, water, light, power, transportation and labor are available among delightful climatic conditions and a home environment.

INVESTMENTS

Monrovia is growing substantially and judicious investment in business, land, agriculture or manufacturing pursuits should be profitable to the investor.

The value of building permits in 1922 exceeded a million dollars breaking the 1921 record of $626,817.

Post Office receipts during the last five years increased approximately 55 percent; an increase of 15½ in 1922 over the preceeding year.

Number of Registered Voters in 1922	2680
Number of Domestic Water Consumers in 1922	2260
Number of Business Licenses Issued in 1922	230
Number of new gas meters in 1922	744
Number of students in four public schools	1620

Monrovia's trade territory has approximately 15,000 people.

MONROVIA Grows with Los Angeles County

ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS

Members of Directory and Reference Media Department of Associated Advertising Clubs of the World

Alvin B. Boyd, Reading.
R. W. Lovell, Montreal.
W. G. Torchiana, Philadelphia.
W. O. Foote, Atlanta.
W. H. Lee, New Haven.
D. W. Bowman, Akron.
G. D'W. Marcy, Boston.

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

Street and Avenue Guide and Householders' Directory

In this department of the City Directory the streets are alphabetically arranged and described by giving the point of commencement of each street and its line of direction.

The number of each building on the street is given in the order of occurrence.

Following the number is placed the name of the householder occupying it.

The profession or business of individuals and firms is only given at their respective places of business; to find the occupation of householders, refer to Alphabetical List of Names.

MONROVIA HAS

Beautiful city park in middle of business section, with $10,000 Carnegie Library in center.

A City Hall building of solid granite, costing $50,000, is also located on the park grounds.

Thousand-acre mountain park within mile and a half of business center, and easily accessible by fine boulevard.

Beautiful flowers of the most exquisite coloring, and rare shrubs and tropical plants grow everywhere in great profusion.

Sixty teachers are employed to instruct the fifteen hundred and more pupils, who come to Monrovia from nearly every state in the Union.

Thirty-one miles of highly improved streets, costing over $350,000.

Modern electric lighting system with double electroliers throughout the business section.

Sanitary sewer system forty-one miles in length, which cost the city $120,000.

Municipally owned water system, built at an expense of $500,000.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order see that is has the name of LOS ANGELES DIRECTORY CO. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to accept payment for either advertisements or subscriptions.

ARCADIA

What Arcadia Offers

The finest climate in California.

All modern conveniences of living —electricity, natural gas, abundant water, telephone and telegraph.

Perfect roads, well paved streets and transversing the city two famous motor highways, the Foothill Boulevard and Huntington Drive.

Up-to-date business houses, a community church, $115,000 school buildings.

Transportation by Pacific Electric, Santa Fe, Southern Pacific and hourly stage lines.

Soil well suited for deciduous or citrus fruits and winter gardening.

Conditions ideal for poultry raising.

Arcadia has a population of 3,200. And its percentage of artistic and attractive homes, will compare favorably with any community in Southern California.

For further information, Address Chamber of Commerce.
